

ETHIOPIA IS CALLING

EVANGELISM FOCUS FOR GOSPEL HARVEST

osborn.org

I take it seriously when pastors and church leaders call for us to come and help their people. God opens the doors. We respond. Ethiopia is a unique nation right at the Horn of Africa on the eastern side of this great continent. While Ethiopia is one of 54 nations on the continent, it is unique for its religious and cultural history. When in Ethiopia you will hear people discuss – with certainty – the visit of the Queen of Sheba to King Solomon where she learned about and believed in the God of Israel. It is reported that this queen brought Judaism to Ethiopia and there is a portion of the population who still practice Judaism. Add this to the predominate population of Orthodox Christians (43%), Muslims (34%), Catholics and a group of Evangelical Christians, it is easy to understand the deep religious culture that exists in this nation.

With a population of 112 million people, Ethiopia is the second most populous country in the whole of Africa, second only to Nigeria. While there are at least 80 different ethnic groups in Ethiopia, each with their own language, the Amhara people are the majority. Amharic is the official language. These facts stir my heart as I consider the urgency of the invitations that I have received to come. The call is for miracle evangelism and teaching to make disciples. Only the Gospel of Jesus brings real transformation and unity in nations that are steeped in religious tradition and division.

2019 MINISTRY IN HAWASSA, ETHIOPIA OPENS DOOR TO JINKA

Earlier this year I was the speaker at a great leaders conference in Hawassa, Ethiopia. These people are beautiful, generous, loving and sincere. I was told over and over, "Please come and teach us; we want revelation." One pastor told me that years ago he read my father's book, "Healing the Sick." From that time his ministry launched into a healing ministry. Many pastors told me that until the late 1970s they had no "revelation". But at that time they received some books from specific teachers in the United States and were sent Osborn books on evangelism and healing. This was the beginning of what are known as "revelation churches". This touches me. We have been blessed with so much truth. Imagine being a Christian and wanting to know the truth and being trapped in tradition that is void of the miracle, resurrection life of Jesus Christ. Freely we have received; freely we must give.

CONNECTING WITH THE **YOUTH**

The youth are the hope of Ethiopia. Over 43% of the population is under 14 years of age. During my time in Hawassa I had a special session with the young people. It was both precious and powerful. The young men and women followed me around, came to my hotel to visit, were generous with their hugs and smiles but most of all, they responded to the message of Christ. One young man gave me an Ethiopian Bible as a gift. I cherish this as a sign that God is not finished with me in Ethiopia. The city of Jinka is asking us to come. Other areas need the Gospel and the miracle evidence of the risen Christ. In Northern areas of Ethiopia only 15% know about Jesus and the believers are suffering persecution. In the West and East, there are mostly Muslims and some Orthodox Christians. These are the places where we can make a difference. We don't go where others go.... we go where there is great darkness.

THE GOSPEL CONFRONTS ANCIENT RELIGIOUS INFLUENCES

For more than 70 years this ministry has forged a Gospel trail to some of the most UNreached places on earth. Evidence of our witness and the power of the Gospel is seen in the nations where we have planted so much GOOD NEWS seed. We have never conducted public, mass Evangelism events in Ethiopia. NOW IS THE TIME. We know how to present Christ to traditional Orthodox Christians. We know how to bring Jesus to Muslims. We know how to introduce the resurrected Savior to people who have no concept of God. This is what we do! TRUTH prevails over meaningless tradition. LIFE overcomes empty liturgy. MIRACLES awaken the slumbering mind.

ETHIOPIA IS DOOR TO SUDAN, SOMALIA AND ERITREA

When you observe the geographic location of Ethiopia, you see that it is a land-locked nation. It is surrounded by North and South Sudan, Kenya, Somalia and Eritrea. Ethiopia is uniquely positioned to be a base of bold Gospel witness throughout East Africa. We believe that God has a plan for sending us to this nation. We must have certain titles of our books translated into Amharic. This is vital for our evangelism efforts there. We have proven that it is the legacy of our FREE book distributions globally that continues to impact nations globally. We must do the same for Ethiopia.

EVERY SOUL REQUIRES A SPONSOR

This fact both reminds us of the value of ONE SOUL and stirs our faith to believe for BIG money miracles for Ethiopia. I have asked the Lord to give me a sign. As soon as I know that our partners are with us in this mission, I will communicate my final answer, "Yes, we will come!" I cannot do this without funds. This has been a full year of evangelism, teaching and ministry involvement in Canada, Cuba, Liberia, France, Kenya, Colombia and Honduras. We have distributed over 1,000 flash drives loaded with Gospel evangelism, healing and disciple-making materials in English, French and Spanish. We have given hundreds of FREE books for training and follow-up. All of this costs money. We have taken each step in faith,

trusting God for provision through His people. This ministry could not exist without the partnership of Christians who want to bring Jesus to hurting people.

My friend, we are living in amazing times to make a difference in our world. Thank you for standing with us for every mission. With your partnership we can go through every open door.

Know that I'm praying for you TODAY. Ask God how He wants you to be His witness in Ethiopia and let me know. Use the enclosed form or go online to make your missions donation and share with us your prayer requests. Together we will see miracles!

OUR BUILDING NEEDS A NEW ROOF

Oklahoma and Arkansas were bracing for their worst-ever flooding as a new wave of storms forecast to roll through the region threatened to further bloat the Arkansas River that already has reached record crests in some areas." —USA Today, May 29th

"As many as 600 structures in Tulsa County took on water during this flooding, damage assessment finds."

—Tulsa World, May 24th

Thankfully our headquarters was not in the immediate path of the river and we did not experience the devastation that so many did. However, the spring storms and flooding rains brought us to the edge of the remaining lifespan of our present roof. Leaks throughout the building threatened to destroy our equipment, Gospel resources, archives and vital inventories. Oh no! We will not be distracted by this.

COST – \$118,000

"We will not divert one dollar from our evangelism and missions funds to pay for this!" That was my response when

my husband, Cory, informed me that the roof of our beautiful headquarters building in Tulsa, Oklahoma must be replaced.

To God this is not a large amount. But to us it represents literally hundreds of thousands of souls.

WE NEED YOUR HELP

The Lord has whispered to me, "I have people who can take care of this; you press on with the assignment that I have given to you." I am trusting the Lord.

Can you imagine what a testimony this will be, that our beautiful missions headquarters building will receive a new 20-year roof **without ONE DOLLAR being diverted from our evangelism missions?** I can! It depends on you! Remember that God uses people.

Join me in faith and ACTION to make this happen! Share the need with friends who have a heart for missions. Together with God, nothing will be impossible for you and us!

In Faith,
Dr. LaDonna Osborn
