

Just say, “YES!”

Dear Friend and Partner in the global task of evangelism:

As we get closer to the beginning of a NEW YEAR, I pause to remember the things that God has done during the previous year. My father (Dr. T.L. Osborn) used to say, “*Don’t forget the wonders of God. Write them down. Take pictures. Tell folks!*” You are my witness that I continue to do this, even after nearly 75 years of miraculous ministry in over 100 nations. **GOD’S WONDERS NEVER GET OLD!**

During this (nearly) two years of Covid impact on our world, I can testify that we have been “on the go” SAYING “YES!” in every arena of evangelism ministry. In fact, this has been my mantra during 2021: **“Just say, ‘YES!’” I have said “YES!” to every request**, to every need, to every opportunity, to every emergency, to every open door! And our partners - including you - have been faithful to flow forward with us in compassion, creativity and generosity. We have gone beyond every barrier, over every obstacle and even outside the box of our usual outreaches. **God has taken this horrific Covid enemy and has used it to bring us into the open hearts of millions whom we may never have reached face-to-face.**

The Lord spoke very clearly to me with these powerful words from Scripture:

This battle is not for you to fight; take your position, stand still, and see the victory of the Lord on your behalf... (2 Chr 20:17a)

This is exactly what has happened throughout 2021.

This has been a year of **MORE victory**: more **partners** have rallied with us; more souls have been **saved**; more bodies have been **healed**; more **baptisms**, more **church plants**; more **Good News** have been sent over the Internet and airwaves. More of everything! **We have seen the victory of the Lord!**

Now I’m asking you to **just say, “YES!”** in response to the opportunities that we are facing right now. For example, we are helping to bring the Gospel to 55 refugee camps, housing 150,000 Rwandan and Banyamulenge refugees in Uganda. The needs are great, but we have a team on the ground, sharing the HOPE that is in Jesus. Many wonderful things are happening. But **just this week** a group of 550 families, mostly widows, women and children came into Uganda seeking asylum. The government, the UN and other social service agencies are overwhelmed with the Afghan refugees, so they cannot help these families. They have nothing, no food, no place to sleep, no hope. **What shall we do?** I can do nothing without your help.

Look on the other side of this letter to see the many things that God is doing through our ministry partnership. **Then allow your heart of compassion to be expressed through your 2021 YEAR-END GIVING to this “on the ground” ministry.**

Thank you for allowing me to pour my heart out to you! I thank God for the role He has given us to fulfill in these urgent times. We are asking God to bless you as you **just say “YES!”** with me!

Just say, “YES!” with me!

In one week ...

53 “Girls of the Night” (prostitutes) called asking for assistance because they are quitting the sex business and are giving their lives to Jesus.

In one week ...

there were three call-ins requesting a church plant because of the many who have accepted Jesus.

I was sick with **HIV and AIDS**. I prayed with Dr. Osborn over the radio. When she instructed to touch where my pain was, I placed my hand on my head and on the radio. I am from Isingiro District but I was healed instantly. The next morning I went to the diagnostic center and it was confirmed that I am healed. I decided to visit two more medical centers in a nearby town and it was the same results: **NEGATIVE!** Thank you, Jesus and Dr. Osborn”
MKP - Uganda

“My 13-year old daughter was **epileptic**. In September you prayed on the radio. She fell down and started foaming. We thought she was dead. But when she rose up, she was never tormented again. This is a big miracle.”
KA - Kamwenge District

“My son was in prison, accused of stealing motorcycles. He was sentenced to five years. In fact he did not steal the motorcycles. When Dr. Osborn was ministering on the radio I picked up faith and prayed with you. I am going to telephone the station to tell you that the very next morning the real thieves were arrested and my son was released from prison. Is anything too hard for God?”
CB - Uganda

“Mama, there are a group of ‘Girls of the Night’ (prostitutes) who heard your message on the radio. Almost 30-50 of them gathered around the radio and listened and prayed with you. They want you to speak directly to them. They said, ‘She didn’t judge us like other preachers; she loved us.’”
NV - Mercy FM Radio

“I was a **Muslim**. For 12 years I have had a swollen belly. When Dr. Osborn prayed, I placed the radio on my belly and immediately the swollen belly deflated and I am well. Thank you for the good teaching.”
SK - Uganda

“I am speechless about the radio program with Dr. Osborn. She spoke words that entered my heart straight. I was going for suicide this very morning but the radio program changed my life. I don’t want to die now. I know that Christ died for me and I don’t need to kill myself.”
T. - Uganda

“The church is under lock down here. Many leaders have lost hope ... people are dying of coronavirus with no hope and no Jesus.” **NV - Uganda**

“I am no longer a slave of sin. I have slept with over 3,000 men in seven years. Every night I have been sleeping with between 15-30 men for money to look after my family. I am tired. Enough is enough. God remembered me through Dr. Osborn. We want a new life.”
